

REMARKS/ARGUMENTS

The Applicant is in receipt of an Advisory Action wherein the Examiner maintained the rejection of Claims 25-32 and 34-37, and noted that Claims 38 and 39 remain allowed. The Applicant appreciates the Examiner's recognition of the allowability of these latter claims.

Although the Applicant believes that the subject matter of Claims 25-32 and 34-37 is allowable, to expedite allowance of a patent on Claims 38 and 39, and without disclaiming the subject matter of the rejected claims, the Applicant herewith cancels rejected Claims 25-32 and 34-37. The Applicant intends to pursue the cancelled claims in one or more continuation applications.

Based upon the foregoing, Applicants believe that all pending claims are in condition for allowance and such disposition is respectfully requested. In the event that a telephone conversation would further prosecution and/or expedite allowance, the Examiner is invited to contact the undersigned.

Respectfully submitted,

SHERIDAN ROSS P.C.
